

June 2011

Hello,

This is a message from Fr. Dick Case, your pastor at St. Aloysius Gonzaga Parish.

To celebrate and commemorate the 100<sup>th</sup> anniversary of our church, a pictorial history of the church and photos of our current members will be gathered into one keepsake album.

We want to include as many parish families as possible. Each family will receive one free 8x10 portrait and one copy of the album.

This book will be an historical treasure to parishioners of the next 100 years and a family treasure showing you were a part of our history making year.

Appointments will be scheduled for 1 wk in August and all of September. Information is going to be coming out soon about how to schedule your family's photo session. Watch the parish bulletin, listen for announcements at Mass, pick up printed information by the church doors, call the parish office 313-5896 or go to the link here on our website and schedule your session online (available M-F).

Join me in participating in this historical record.

Thank you.

Blessings to you and your family! Fr. Dick
