God. We unite as one family in Christ to celebrate the bonds we share with each other and with every living creature of Earth. We are part of a single, complex web of life that is woven by how our lifestyles affect the environment.

The Season of Creation is a wonderful time to reflect on how our lifestyles affect the environment and to make a commitment to more sustainable ways of living.

**Action:** Reduce your carbon footprint by making concrete lifestyle changes in areas of transportation, diet, and energy.
